

## **SAFETY DATA SHEETS**

According to Globally Harmonized System of Classification and Labelling of Chemicals (GHS) - Sixth revised edition

Version: 1.0

Creation Date: Aug 17, 2017

Revision Date: Jun 5, 2019

1.Identification

1.1GHS Product identifier

Product name Natamycin

1.20ther means of identification

Product number

Other names Myprozine

1.3Recommended use of the chemical and restrictions on use

**Identified uses** For industry use only. Food additives

Uses advised against no data available

1.4Supplier's details

Company Qingdao Wanyuan Mountain Biotech Co.,Ltd

Address Room 1111, Building B, Haidu Internation, NO 205 Zhengyang Road,

Chengyang District, Qingdao, Shandong Province, China.

Telephone +8613455518561

Email: cuiningning@bionutrichem.com

1.5Emergency phone number

Emergency phone number +8615092119928

2.Hazard identification

2.1Classification of the substance or mixture

Not classified.

2.2GHS label elements, including precautionary statements

Pictogram(s)No symbol.Signal wordNo signal word.

Hazard statement(s) none

Precautionary statement(s)

**Prevention** none

Response none Storage none **Disposal** 

none

2.30ther hazards which do not result in classification

none

## 3. Composition/information on ingredients

#### 3.1Substances

Chemical name	Common names and synonyms	CAS number	EC number	Concentration
Natamycin	Natamycin	7681-93-8	none	100%

#### 4.First-aid measures

## 4.1Description of necessary first-aid measures

## General advice

Consult a physician. Show this safety data sheet to the doctor in attendance.

#### If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

## In case of skin contact

Wash off with soap and plenty of water. Consult a physician.

#### In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

## If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

## 4.2Most important symptoms/effects, acute and delayed

no data available

## 4.3Indication of immediate medical attention and special treatment needed, if necessary

## Absorption, Distribution and Excretion

Systemic absorption should not be expected following topical administration, and as with other polyene antibiotics, absorption from the gastrointestinal tract is very poor.

## 5. Fire-fighting measures

## 5.1Extinguishing media

## Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

## 5.2Specific hazards arising from the chemical

no data available

## 5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

#### 6.Accidental release measures

## 6.1Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.

## 6.2Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

## 6.3Methods and materials for containment and cleaning up

Pick up and arrange disposal. Sweep up and shovel. Keep in suitable, closed containers for disposal.

## 7. Handling and storage

## 7.1Precautions for safe handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Avoid exposure - obtain special instructions before use. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.

## 7.2Conditions for safe storage, including any incompatibilities

Store in cool place. Keep container tightly closed in a dry and well-ventilated place.

## 8.Exposure controls/personal protection

## 8.1Control parameters

**Occupational Exposure limit values** 

no data available

**Biological limit values** 

no data available

## 8.2Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

## 8.3Individual protection measures, such as personal protective equipment (PPE)

## Eye/face protection

Safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

## Skin protection

Wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique(without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

#### Respiratory protection

Wear dust mask when handling large quantities.

#### Thermal hazards

no data available

## 9. Physical and chemical properties

Physical statewhite to off-white solidColourno data availableOdourno data available

Melting point/ freezing point 2000°C

Boiling point or initial boiling point and 952.2°C at 760 mmHg

boiling range

Flammability no data available

Lower and upper explosion limit /no data available

flammability limit

Flash point 529.7°C

Auto-ignition temperatureno data availableDecomposition temperatureno data available

pH 5,5-7,5 (1 % w/v solution in previously neutralised mixture of 20 parts

dimethylformamide and 80 parts of water)

Kinematic viscosity no data available

Solubility no data available

Partition coefficient n-octanol/water (logno data available

value

Vapour pressureno data availableDensity and/or relative density1.0 g/mL at 20°C(lit.)Relative vapour densityno data available

# Particle characteristics

no data available

## 10.Stability and reactivity

## 10.1Reactivity

no data available

## 10.2Chemical stability

Stable under recommended storage conditions.

## 10.3Possibility of hazardous reactions

no data available

## 10.4Conditions to avoid

no data available

## 10.5Incompatible materials

no data available

## 10.6Hazardous decomposition products

no data available

## 11.Toxicological information

## **Acute toxicity**

- Oral: no data available
- Inhalation: no data available
- Dermal: no data available

## Skin corrosion/irritation

no data available

## Serious eye damage/irritation

no data available

## Respiratory or skin sensitization

no data available

## Germ cell mutagenicity

no data available

## Carcinogenicity

no data available

## Reproductive toxicity

no data available

STOT-single exposure

no data available

STOT-repeated exposure

no data available

**Aspiration hazard** 

no data available

## 12. Ecological information

## 12.1Toxicity

Toxicity to fish: no data available

Toxicity to daphnia and other aquatic invertebrates: no data available

Toxicity to algae: no data available

Toxicity to microorganisms: no data available

## 12.2Persistence and degradability

no data available

## 12.3Bioaccumulative potential

no data available

## 12.4Mobility in soil

no data available

## 12.50ther adverse effects

no data available

## 13.Disposal considerations

## 13.1Disposal methods

## **Product**

The material can be disposed of by removal to a licensed chemical destruction plant or by controlled incineration with flue gas scrubbing. Do not contaminate water, foodstuffs, feed or seed by storage or disposal. Do not discharge to sewer systems.

## Contaminated packaging

Containers can be triply rinsed (or equivalent) and offered for recycling or reconditioning. Alternatively, the packaging can be punctured to make it unusable for other purposes and then be disposed of in a sanitary landfill. Controlled incineration with flue gas scrubbing is possible for combustible packaging materials.

## 14.Transport information

14.1UN Number

ADR/RID: no data available IMDG: no data available IATA: no data available

14.2UN Proper Shipping Name

ADR/RID: no data available IMDG: no data available IATA: no data available

14.3Transport hazard class(es)

ADR/RID: no data available IMDG: no data available IATA: no data available

14.4Packing group, if applicable

ADR/RID: no data available IMDG: no data available IATA: no data available

14.5Environmental hazards

ADR/RID: no IMDG: no IATA: no

14.6Special precautions for user

no data available

14.7Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

no data available

## 15.Regulatory information

## 15.1Safety, health and environmental regulations specific for the product in question

Chemical name	Common names and synonyms	CAS number	EC number
Natamycin	Natamycin	7681-93-8	none
European Inventory of Existing C	Listed.		
EC Inventory	Listed.		
United States Toxic Substances	Not Listed.		
China Catalog of Hazardous che	Not Listed.		
New Zealand Inventory of Chem	Listed.		
Philippines Inventory of Chemica	Not Listed.		
Vietnam National Chemical Inve	Listed.		
Chinese Chemical Inventory of E	Not Listed.		

## 16.Other information

Information on revision

Creation Date Revision Date Aug 17, 2017 Jun 5, 2019

## Abbreviations and acronyms

CAS: Chemical Abstracts Service

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road

RID: Regulation concerning the International Carriage of Dangerous Goods by Rail

IMDG: International Maritime Dangerous Goods

IATA: International Air Transportation Association

TWA: Time Weighted Average

STEL: Short term exposure limit

LC50: Lethal Concentration 50%

• LD50: Lethal Dose 50%

EC50: Effective Concentration 50%

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. We as supplier shall not be held liable for any damage resulting from handling or from contact with the above product.
